

THE ADVENTURE BEGINS

In 2018, we will challenge your section to re-embed key elements of Scouting into your program. It's time to rejuvenate the way we deliver Scouting, implement our new fundamentals, plus prepare for the delivery of our new program in 2019.

The Adventure Begins is a way to reengage and ensure your programs' are true to Scouting's core values.

The Adventure Begins focusses on the following key elements of the Scouts Australia Youth Program. It's:

- The Principles, Purpose and Mission of Scouting
- The SPICES and Educational Objectives
- The Scout Method (with emphasis on: Youth Leading, Adults Supporting; Community Involvement and Promise and Law)
- Section Councils
- Plan>Do>Review>

The Adventure Begins is a section based challenge.

- It's for all sections, all youth members in a section and the adults of the section.
- For each element there's a series of targets to achieve.
- It's the responsibility of the Section Council to manage the adventure..
- There's a scarf ring for each element to signify successful completion of each set of targets.

Keep an eye out in early 2018 for all the details and resources.
